This permit is granted on the express condition that the said construction shall in all respects, conform to the Ordinances of this jurisdiction including the Zoning Ordinance, regulating the construction and use of buildings, and may be revoked at any time upon violation of any provisions of said ordinances. The Department reserves the right to reject any work which has been concealed or completed without first having been inspected and approved by the Department. Any deviation from the approved plans must be authorized by the approval of revised plans subject to the same procedure established for the examination of the original plans. An additional permit fee is also charged predicated on the extent of the variation from the original plans. Permits are not valid if construction work is not started within six months from date permit is issued. Final Inspection and certificate of occupancy must be obtained before occupying the building.
